As illustrated below, bott verso drawer fronts and doors are available in 4 colour options, all supplied with light grey housing.

**Housing:**

RAL 7035 – light grey

**Top, bottom and fronts:**

RAL 7016 – anthracite grey .19   RAL 5010 – gentian blue .11   RAL 7035 – light grey .16   RAL 3004 – crimson red .24

Here is verso, our revamped workshop equipment in bott premium quality and the proven design. The special thing about it is not only its outstanding quality, but also the attractive price. verso is robust and solidly made. The verso product range offers a total of 1,700 products in four different colours. Its modular design gives you lots of flexible configuration options.

# CUSTOMER TESTIMONIALS

The verso range offers simple functionality, high-quality manufacture, and excellent value for money. From Motorsports and Education, through to Manufacturing and Engineering, verso is suitable for use in a wide range of industries and workspaces. Take a look at some of our customer testimonials...

## **Exeter College Technology Centre (UK)**

"Due to their superior build quality, choosing bott as our workplace storage partner was the best option by far. The bott verso cabinets have been in use for over 8 years and have stood the test of time, even with constant student use!"

### **Linde Material Handling (UK)**

“The combination of employing bott verso workshop equipment and implementing 5S & LEAN efficiency processes at Linde MH, has resulted in the average preparation time per truck reducing by 37% in 18 months. The organisation of tools, parts and other equipment has contributed towards trimming down intra-company processes.”

### **Caterham Gatwick (UK)**

“We were after a workspace that was cohesive with our existing workshop. The versatility and customisable aspect of the bott verso range made it an obvious choice! We are pleased with how professional our building bays now look as well as how the team at bott helped us with anything we needed.”
